## RETREAT IS COWARDLY

Spanish Squadron's Return to Cadiz So Regarded.

## THE POPULACE INCENSED AND THREATEN MONARCHY.

Washington, May 11.—Special—The retreat of the Spanish Cape Verde squadron is a great disappointment to naval officers here. It was hoped that it would sail for Porto Rico and give battle to Sampson's fleet in that vicinity. Instead of doing so, however, it returned to Cadiz, with what purpose cannot be determined at present. The act is regarded here as a confession of weakness, and some look upon it as the practical abandonment of Spanish interests in the West Indies. There is now no force of Spain adequate to prevent the American occupation of Porto Rico, while but a feeble resistance can be made to the invasion of Cuba.

What the Spanish policy will be is hard to determine and can only be conjectured. The queen regent is pleading piteously for the intervention of foreign powers, but finds the British lion in the way, a nearly impassable obstacle. Unless Great Britain gives her consent a successful intervention cannot be arranged. It is certain, therefore, that Spain must eat humble pie, abandon Cuba, Porto Rico and the Philippines and leave herself practically without colonial possessions and without revenues with which to meet the expenses of a profligate monarchy and a costly naval and military establishment. Her case is almost a hopeless one.

## Change in the Plan of Campaign.

Washington, May 11.—Special—The return of the Spanish Cape Verde fleet to Cadiz has caused a change in the plans of the naval war board. Arrangements have been made to bring back Sampson's fleet in order to have it unite with the army in invading Cuba. It is positively announced that San Juan will not be bombarded for the present. That will come when the Spanish are driven out of Cuba. Eventually the Key West fleet, augmented by the flying squadron, will cruise in force against Cadiz unless Spain in the meantime sues for a permanent peace.

## Anxious For Peace.

Madrid, May 11.—Special—The people are furious at the return of the Cape Verde fleet, which they had hoped would give battle to the American fleet. Rioting has been renewed. The ministers are anxious for the cessation of hostilities. The government is said to be trying to throw the responsibility for making peace on the cortes.

## Cubans Are Brave.

Tampa, May 11.—Special—Gomez has written a letter to Señor Palma in which he says: "I am ready to give the American army all the co-operation of my troops for the speedy expulsion of the Spanish from Cuba. The time has come when Spain will pay for all her crimes. We have few arms, our army feeds on a devastated country, but our men are ready to die rather than surrender. If means are given us we will triumphantly march on Havana."

## An Effective Blockade.

Key West, May 11.—Special—The blockade of Cuba continues effective. The shore battery at Santa Clara has repeatedly fired upon the gunboats patrolling the inner line of the blockade, but no damage has been done. Several attempts have been made to draw out the Spanish gunboats bottled up at Cardenas, but they refused to fight.

## Movement of Troops Delayed.

Tampa, May 11.—Special—It is now reported that no move will be made by the invading army until thirty thousand volunteers are ready to accompany the regulars. Many officers express the belief that secret negotiations are in progress to peacefully terminate the war.

## A Destroyer Destroyed.

London, May 11.—Special—A dispatch from Gibraltar says an English boat arriving there officially reports that a Spanish torpedo boat destroyer blew up Monday night near Algeciras, and it is believed all on board were lost.

VICE ADMIRAL DON VICENTE MONTEJO Y TRILLO.

This is the man who was vanquished in Manilla bay by the superior courage and seamanship of Commodore Dewey's men. He was forced to abandon his flagship, the Reina Maria Christina, during the engagement. He went on board the Isle of Cuba, and gave up the battle only when every one of his vessels had been either battered to pieces, burned or placed hors du combat.

## MOB LAW HOLDS COMPLETE SWAY

## DISORDERS IN ITALY ARE A MENACE TO GOVERNMENT

The Worst Scenes of Anarchism Are Enacted Daily—Warehouses Looted and the Residences of the Wealthy Are Plundered of Their Valuables Without Hindrance.

Berlin, May 11.—[Special]—Accounts that reach here of the troubles in Italy show that in some parts of the country the worst outrages of anarchism have occurred. At Minervia a mob penetrated all the houses occupied by the better classes, robbing, killing and burning. After eight hours' plundering, the military arrived on the scene and the mob fled heavily laden with loot.

Rome, May 11.—[Special]—Riotous outbreaks are in progress at Como and Nevario. A battle is being fought in the streets of both cities.

Vienna, May 11.—[Special]—The Italian colony at Lombard, tried to loot the bakers' shops, and a bloody conflict with the police followed.

## EXPECT A GREAT TRAFFIC

Street Car Company Preparing for Memorial and Circus Day.

Superintendent Mark Cummings is at present much interested in laying plans as to how the street car company is to be able to handle the crowds in this city on Decoration day. In the morning it is the intention to have the usual parade, which will march to the cemeteries, where appropriate services will be held. At about the same time is scheduled the circus parade of the Forepaugh-Sells Bros., combination which will have the result of not only blocking the business streets, but of interfering with the local program, both being arranged for within a few minutes of each other.

Extra conductors will be provided for that day, and every car will be pressed into service.

## PAY A VISIT TO THE CAMP

Monroe Ladies Go To Milwaukee To See Their Loved Ones

For fear they might not be able to see their loved ones before their departure for war, a delegation of prominent Monroe residents were in the city this morning for an hour, being on their way to Camp Harvey, Milwaukee. The party included Mr. and Mrs. J. G. Chadwick, Mrs. S. P. Schodell, wife of Colonel Schodell, Mrs. M. H. Varney, whose husband is captain of the First regiment, Mrs. H. K. ## MAY HOLD THE ISLANDS

Philippines Are Legitimate Prizes of the War.

## UNCLE SAM MAY ESTABLISH A PROTECTORATE THERE.

Washington, May 11.—Special—"Should the United States retain possession of the Philippine Islands?" said a prominent federal official today. "Well, that is a bridge we can cross when we come to it. We have no doubt a right to them under the law of nations—the right of conquest—but whether it will be policy to retain them is another question. It is not at all likely that they will be returned to Spain, however. I should favor the establishment of an American protectorate at Manilla with the ultimate purpose of giving independence to the people, and I believe a majority of those in authority agree with me. But we shall see."

## The Invading Army.

Washington, May 11.—Special—It has been finally determined that the regular army at Southern ports will have nearly 17,000 troops at Tampa, and 15,000 of them will be sent to Cuba to lead the invasion. The volunteers ordered to the front will number 45,000 or more.

### GOOD, SPECULATIVE TIME.

Markets Never Offered Such an Opportunity for Money Making.

It is thirty-one years since the price of wheat has been so high. In 1867 it reached the same mark, but from the present outlook even these figures will be outdone before the high mark is reached.

No better speculative time has ever been seen. The profits on sales of wheat, corn and oats, are tremendous.

The direct special wires of William O. Crolius, banker and broker, 8 Lappin block with the Chicago Board of Trade are much used by people interested in the daily markets. The service is equal to any in the country and reports are received as quickly as in Chicago.

Mr. Crolius' accurate forecasts are bringing him a heavy business. He handles all deals on very small commission and pays every outstanding contract.

A small amount of money invested these days brings a handsome profit and without question there never was a more favorable time for grain speculation.

Orders can be sent by telephone. They receive prompt attention as though they were left personally at the office. Mr. Crolius' forecasts were made especially valuable by his wide experience on the board, he being familiar with every phase of the business.

Beside the Janesville office Mr. Crolius has direct wires to both Rockford and Freeport.

His telephone number in the Lappin block is 100.

### CONTRACTED IN THE SERVICE

Two of the Rejected Recruits Are Suffering From Rheumatism

Two of the Janesville boys who returned from Camp Harvey because they failed to pass the physical examination are now suffering from rheumatism contracted while in camp.

The first night in camp they were obliged to sleep unprotected from the cold night air and from the dampness which was most noticeable on all sides as the result of recent and frequent rains.

"I never before had even as much as a sign of rheumatism," said a rejected member of Co. A, "but since I have returned I have suffered much with it in all portions of body and my physician says that there is no doubt but I contracted it while at Camp Harvey."

### READY TO START FOR THE FRONT

### BOYS OF THE FIRST ARE EAGER FOR ACTIVE SERVICE.

They Think They Ought to Have Had a Chance Before Now—Waiting Anxiously for News of Future Movements—Surgeon Joe Whiting Wears Lieutenant's Shoulder Straps

Camp Harvey, Milwaukee, May 10—The last two days have been full of anxiety for the men in camp, particularly the First regiment. The physical examination worried them, and the air has been full of rumors and reports of movements of troops. Our physical examination finished, and the men who failed started for home; it gave us a chance of giving our attention to our future movements. All sorts of statements were made and contradicted, and when the boys of the Third had their orders and broke the echoes with their cheers, we were told that it meant service for us all. But today a most disgusted lot of young fellows are loading 'round the different quarters of the First. With Senators Mitchell and Spooner and Representatives Cooper, all from towns represented in this regiment, we felt we had a sure thing of going to Washington. Today we are told that the Second goes to that city, and our stay here shall be for an indefinite time. But there's no surety yet as to the disposal of the First regiment, and we hope we may yet get into active service.

The days continue clear, and the health of the men is excellent.

Grand details today were: Provost—

Private Pearson, Regimental Corporal

Month and Privates—Miller, Pearl,

H. Prusa and E. Prusa.

A wonderful condition of sobriety and earnestness pervades this camp. No liquors are, knowingly, allowed on the grounds and no tobacco can be purchased. Consequently there is nothing but strict attention to authority from every man.

It is hard to get a correct idea of what will be the changes. We were told each company should have twelve corporals. Today comes announcement to have but six. No changes or appointments will be made until we are mustered in.

Mr. Lieutenant Baldwin left for Janesville today after a few days' visit with us, and we are sorry to have her go.

Col. Theo. Goldin is passing with his old comrades today. He is a guest at dinner of Major Joachim.

Messrs. Osgood and Champion were guests of Lieutenant Whiting yesterday.

MORE INQUIRY FOR LEAF.  
Tobacco Packers Are Encouraged by an Increased Demand.

Egerton, Wis., May 11.—The only business in the local tobacco market at present in which the dealers are concerned is that of handling their earlier purchases through the warehouses. A few have closed for the season, but half or more are still engaged in sorting. Packers report more inquiry after old leaf, especially for anything that will answer the requirements for rollers, and a better business confidently looked for soon. C. L. Colton has sold 105 cases of '98 to Eastern parties which comprise the largest transaction of the week. Morris J. Levi and Isaac Moyer were recent visitors of New York tobacco dealers in this market. The shipments out of storage do not exceed 200 cases for the week from this station to all points. Since last report but 22 cases of cigar leaf were exported from New York.

#### GATHERING UP THE LEAF

Ohio Buyer in the Field Looking for Cigar Consignments.

L. Houtzroeder, of Mansfield, O., has been in the local field during the past few days buying leaf tobacco in the interest of the Mansfield cigar firm of Houtzroeder Co. Not only has a thorough search been made in this city for leaf of the best grades but the surrounding territory as well has been carefully gone over with the result that a total purchase of 900 cases has been made at various prices. The goods were old and new stock, and will be received and held here to await the orders of the purchasers.

Mr. Houtzroeder is well posted in the leaf business. Local dealers respect him as a gentleman as well as a shrewd buyer, and his coming to Janesville will always be looked forward to with pleasure.

#### PLAYED CARDS IN OLD STYLE.

Fancy Dress Was the Feature at the Jolly Whist Club Meeting.

Mr. and Mrs. F. H. Koebelin entertained the members of the Jolly Whist club at their home last evening. It was a somewhat remarkable assemblage, as all present were attired in costumes that were fashionable nearly a century ago, but have long since passed out of vogue. The gathering in such garb was something of a surprise to the entertainers; who made the best of it, however, greeting the guests with cordiality and entertaining them in a superb style. During the intermissions in the play refreshments were served, and all present pronounced the occasion one of the merriest of the season.

# A WORN-OUT FAD.

"Spring Medicines," "Blood Purifiers" and "Tonics" an Old Fashioned Idea.

Pure blood, strong nerves and muscles, firm healthy flesh, can only come from wholesome food well digested. "Blood purifiers" and "nerve tonics" do not reach the cause of the mischief. The stomach is the point to be looked after. The safest and surest way to cure any form of indigestion is to take after each meal some harmless preparation of this kind composed of vegetable essences pure peach, golden seal and fruit salts, sold by druggists under name of Stuart's Dyspepsia Tablets, and these tablets

taken after meals assist digestion wonderfully because they will digest the food promptly before it has time to ferment and sour, and the weak stomach relieved and assisted in this way soon becomes strong and vigorous again.

Stuart's Dyspepsia Tablets are superior to any secret patent medicines because you know what you are taking into your stomach.

They are sold by druggists everywhere at 25c per package. Write F. A. Stuart Co., Marshall, Mich., for hooker stomach diseases, malarial fever.

JAMES BURNS.

Ex-Collector of the Port of Kansas City.

Of the men who have occupied positions of public trust in Kansas City, either by gift of the people or by appointment, none has a more enviable reputation for ability, honesty and efficiency than James Burns, Collector of the Port of Kansas City under Grover Cleveland. He lived to the respect of every one in the community, Democrats and Republicans alike.

James Burns has used Stuart's Dyspepsia Tablets and he does not hesitate to say they have accomplished wonders.

"I suffered with dyspepsia for twenty years," said Mr. Burns yesterday. "Never knew what it was to enjoy life—in fact living seemed a burden, as it does to all who suffer severely with dyspepsia. A few years ago I began taking Stuart's Dyspepsia Tablets. From the first I felt relief, and now, although I am still suffering, I feel entirely cured. For the first time in twenty years I can eat anything I want and suffer no ill effects from it. You can't imagine the pleasure of this unless you have been a dyspepsia sufferer."

"I never gave a testimonial for any medicine before, but I feel as if everybody ought to know of this remedy, and while it is personally distasteful to me to appear in print in this connection, I feel as if it had no right to shrink the opportunity to, perhaps help some other sufferers from dyspepsia. I have been recommending the Tablets to all my friends. Only recently I took James L. Lins, the father of Father Lins, down to get some, and I understand he also is being wonderfully benefited. I can't recommend it too highly."

## WEATHER FORECAST

Chicago, May 11. — [Special] —  
Forecast for Wisconsin:  
Fair tonight cloudy Thursday.

**AS CANADIANS SEE IT.**  
The Toronto, Canada, World speaks of the war in the following editorial: "The Spanish-American war will not be a very big affair if the combatants are allowed to pursue the fight to a finish in their own way. Spain is a moribund power. Her weakness will become apparent before active hostilities have been many days in progress. The Americans ought to be in possession of Cuba within two weeks, and the whole war should be wound up inside of a month. That is, provided the combatants are left to themselves. But there is a possibility that events may arise that may complicate the issue. A small fire sometimes kindles a mighty conflagration, and it may do so in this case. If the powers are forced to take sides in the dispute, there is no doubt as to how they will range themselves. The war as it now stands is not between the Anglo-Saxons on one side and the rest of civilization on the other, but the principle in behalf of which the war is being fought is a principle that is recognized as a valid one by Anglo-Saxons, while its authority is disputed or at least not recognized by the other powers. France, Russia, Austria, Germany and all the European powers believe in the doctrine that a nation is absolute mistress in its own household. It is only the Anglo-Saxon race that has advanced so far in civilization as to claim the right of interference in a neighbor's affairs, when that neighbor persists in violating what Anglo-Saxons consider as the inalienable rights of humanity. The Anglo-Saxons ever in the vanguard of civilization are advancing more rapidly than is acceptable to the European powers. Although the latter have as yet made no open remonstrance against the United States they have at least disclosed their hand. The line of cleavage between the two opposing forces of civilization was apparent the moment the European powers proposed to interfere in the Spanish-American trouble. Great Britain instinctively recoiled from such a proposal, as she knew well that the joint interference of the powers meant the sacrifice of the principle on behalf of which the war has been undertaken by the United States. The chances are that the combatants will be left to themselves, but there is at the same time a possibility that the powers may be forced into the struggle. In that event it will be the Anglo-Saxon against the world."

**THEODORE ROOSEVELT.**

Theodore Roosevelt, who recently resigned his position as assistant secretary of the navy to accept a commission in the army, is receiving unstinted praise. The St. Paul Pioneer Press commands him as follows:

"Theodore Roosevelt is a man who has all the personal attributes of an ideal soldier save actual military experience. He is a born hunter and woodsmen, a crack marksman, experienced in a life of adventure on the frontier, where his personal courage has been put to many a test. He is also well read in military and naval affairs, the author of a naval history of the War of 1812, and has done magnificent work as an organizer in the civil service commission, in the New York police board, and, lastly, in the position he now resigns as assistant secretary of the navy. The rapid placing of our navy on a war footing has been largely attributed to his fierce energy and administrative ability. He is a leader who would have an eager following in any command he would undertake. Yet he deems himself unfit even to command a regiment, and modestly asks permission to serve as Lieutenant colonel under

an experienced fighter in a regiment of cowboy cavalry. We may be sure, however, that he will be heard from over that regiment lands in Cuban His modesty, with such a record behind it, begets confidence and admiration, just as the presumption of the politicians referred to begets reprobation and distrust."

**HONOR WELL DESERVED**

Judge John R. Bennett, of Janesville, has accepted an invitation to make one of the addresses at the bar convention in connection with the state semi-centennial celebration. It is fitting that Judge Bennett should speak on that occasion. He is one of the best known and most learned of Wisconsin's jurists. For many years he has been prominently identified with the advancement of the state and it is safe to say that no more fitting nor instructive address will be heard at the bar convention.

Ogden H. Fethers will also speak, his address to be heard at the mass meeting.

The Milwaukee News will soon occupy a building of its own. The News is an enterprising paper and deserves the large patronage that it enjoys.

## FLOWER THIEVES AT WORK

Devastate the Beds of Citizens of the Second and Third Wards.

Flower thieves are getting in their work these nights in different portions of the Third and Second wards and not a few complaints have been made by indignant property owners. Along Milton avenue these midnight thieves have destroyed several dozen valuable flower beds; and in nearly every instance they have taken the plants and all, removing them for the purpose of replanting.

The work is not that of boys, and the arrest of people who are old enough to know better may follow at any time.

## MUCH BUILDING IS BEGUN

## Remodeling

The front door or the back door—any door in fact, about the house, cutting an archway, putting in a new hardwood floor; a new window, here or there; rearranging the stair case; sticking in a piece of grill work where the room looks bare, etc. All these things we make a specialty of.

## Give US Your Idea We Will Do the Rest

Our advantage over any other concern is in the fact of our cutting our own lumber and working it up from the stump. One profit from stump to consumer. Anything in wood we make.

**ADMIRAL MONTEJO IS SLAIN.**

Dewey Powerless to Prevent the Massacre—Reported Attempt to Lead the American Squadron into a Trap—Are Repairing the Cable.

New York, May 11.—A dispatch to the World from Taipeh, the capital of Formosa, says:

Manila is reported to be in a state of panic.

The Spaniards in the city are completely surrounded by enemies. In front is the victorious American fleet under Admiral Dewey, which has wiped out the Spanish fleet, destroyed the forts at Cavite and those at the entrance to the bay and has threatened to shell the city at the first sign of further hostilities. In the rear are the native insurgents, impatient to wreak vengeance upon the Spanish for 300 years of tyranny and torture.

The rebels are unorganized, undisciplined, armed with miscellaneous lot of weapons and are a mob rather than a military force, but Gen. Aguilando, the chief they idolize, has promised the American commander that the natives shall not commit atrocities when the Philippine capital is captured.

The surrender of the city was expected hourly when the ship bringing the news of Admiral Dewey's remarkable triumph sailed from Manila.

**MORE SPANISH TREACHERY.**

Attempt to Lead Admiral Dewey's Squadron into a Trap.

Hongkong, May 11.—A fresh example of Spanish treachery seems to have come to light.

It is said here that the priests and sisters of charity of the Cavite hospital, in procession, bearing crosses, etc., petitioned Rear Admiral Dewey not to massacre the sick and wounded, which, naturally, he did not do. The Spaniards, it is asserted, thereupon thanked the admiral and the Americans for their humanity and repaid them by informing them of a narrow channel which, they said, was not mined, while the broad channel, they explained, was fully mined. An investigation upon the part of the Americans, however, revealed the contrary to be the case and the mines were blown up by the sailors of the American fleet.

Rear Admiral Dewey, it is said here, finds the insurgents growing dangerous. It is added that he cannot control them, nor can he enable the Spaniards to do so.

There is one Japanese warship at Manila.

**To Repair the Cable.**

Washington, May 11.—When the cutter McCulloch gets back to Manila one of the first things Admiral Dewey will do will be to establish a military telegraph with one end in the channel at the neck of the bay. Workmen from the cable company returned on the McCulloch, and, with one of Dewey's store ships for a base, they will pick up the Hongkong end of the cable and open communication. By this means the department expects to hear from the fleet in a day or so.

**To Change Inauguration Day.**

Washington, May 11.—After an extended and interesting debate the resolution submitting to the legislatures of the various states an amendment to the constitution of the United States changing the date of the beginning of the terms of the president, vice-president and members of congress from March 4 to May 4 was adopted by the senate Tuesday. The postoffice appropriation bill, carrying appropriations which aggregate more than \$99,000,000, was passed.

Under the law they have become entitled to a rich bounty. Unless the numerical importance of the Spanish fleet has been overestimated and its losses overstated the officers and men of the Asiatic squadron will be entitled to share among them something like \$187,000 bounty money.

**Revolution Was Planned.**

Rome, May 11.—The Italian cabinet has decided to recommend to King Humbert that parliament be prorogued.

# For Her Daily Bread

Lydia E. Pinkham's Vegetable Compound a wonderful aid to working women of all classes.

Working women have backaches, headaches, and racking pains, but they keep on working because they have to.

Pretty faces in our factories and stores soon become drawn and pallid, figures lose their symmetry and energy flags.

Domestic service is another form of endless drudgery that destroys woman's health and nervous system.

Lack of care during monthly periods, necessity to keep on the feet all day and sometimes until late at night, or sitting in cramped positions for long hours, produce and keep alive troubles of all kinds with the female organs.

Lydia E. Pinkham's Vegetable Compound for over twenty years has assisted women to bear their burdens. Sickness and pain vanish under its influence, and more than a million women have been benefited by it. We quote from three:

DEAR MRS. PINKHAM:—I doctored with four different doctors and found but little relief. I then wrote to you describing my troubles which were as follows: backache, sharp pains in sides of abdomen, falling and inflammation of womb, and pain at time of monthly sickness. I followed your kind and good advice. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and am now able to walk around after having been in bed for ten weeks, and feel that I am assured perfect health. I hope my letter may be a help to other suffering girls.—Miss ROSA HINES, Le Sueur, Minn.

DEAR MRS. PINKHAM:—I was troubled with female weakness, irregular and painful menstruation and leucorrhœa. The doctor's medicine did me no good. I have taken one bottle and a half of your medicine and, thanks to your medicine and advice, my pains are gone. I advise all women suffering as I have to use your Vegetable Compound.—Mrs. EMMA J. PRIMBLE, Indianapolis, Ind.

DEAR MRS. PINKHAM:—When I wrote to you I was troubled with menses appearing too often. I also had sick headache, was tired and weak, and could not do any work. The pain I had to suffer was almost unbearable at times. After taking five bottles of Lydia E. Pinkham's Vegetable Compound I was much improved in health; menses became more regular and were not profuse. My doctor had told me I could never expect to get well unless I went through an operation. I cannot recommend your medicine too highly. I beg of you to accept my thanks for what you have done for me.—Miss ALICE PARRELL, Keokuk, Iowa.

Mrs. Pinkham at Lynn, Mass., will advise you from her wide experience free of charge whenever you ask it. Write to her freely. Your story will be told to a sympathetic woman, and women only will see your letters. Remember! a woman best understands a woman's ills.
